## SPECIFICATIONS:

The Multi-Purpose Bobcat 753 Skid-Steer Loader A hard-working skid-steer loader, with lots of maneuverability and great all-around performance and productivity. The 753 is loaded with time-saving, money-saving features. Here are just a few:

- Great balance of power and maneuverability.
- Choice of seven bucket styles and more than 30 other attachments.
- Bobcat Interlock Control System (BICS)<sup>™</sup> is standard.
- Operator friendly cab. Greater Comfort The new cab is designed with the operator in mind, for optimum comfort and functionality. And with its wider opening, it's easy to enter and exit. The new seat bar pivots from the rear, providing secondary restraint protection as well as a comfortable armrest for operators of all sizes. Plus, the new worklight design doubles the amount of illumination to the work area for better operation in low light. The 753 G-Series also features a new, easy-to-read, highly functional instrument panel, along with a number of improved comfort options.
